

Bridge of Confluences, Angers

This project by Architecture et Ouvrages d'Art agency is totally dedicated to green modes of travel.

The agency E.C.A. has created an impressive night-show by using green marker-lights 1810-Savoie for the deck and warm-white lightbars 5625 – Linéalec for the arch.

Specifiers: L'agence Architecture et Ouvrages d'Art and L'agence E.C.A.
