Dragon square in Mons

The lighting up of the place was achieved on a colour switch visual using :
> 70 x 1570R-AT12 - Châteauneuf trichromic recessed round flange colour change LEDs
> 10 x 5623-AT70 - Brunei lightbar 70 LED per meter colour change
This colour swith visual goes from the colour white during 9 minutes to one colour for 1 minute with 6 different colours for 1 hour.
