

Historic facades in Namur (Belgium)

LEC revive the the Carmes district with Art Deco facades in Namur

44 facades brought to light in
3 different streets with:
> 90 LED spotlights [4010-Luminy](#) and
[4020-Luminy 2](#) installed
> 5 different beam angles
> 145 LED lightbars
[5625-Linealec](#) made and measuring
128 meters-long with different
lengths (from 0.3 cm to 2 m)

Project owner: City of Namur.
Lighting design: Isabelle Corten,
Radiance 35.

Lighting design: ORES* public
lighting service.

Installer: Genetec for ORES*
intercommunale IDEG.

Photo: Namurimage

* ORES includes 2300 people and operates in
198 towns of Wallonia.

This organization is responsible for managing
the distribution of electricity
and natural gas. One of its missions also
concerns lighting and heritage.
