Place and fountain des Jacobins, Lyon

The place and the fountain des Jacobins in Lyon's peninsula have been freshly renovated in June 2013.
The Ville de Lyon and the Atelier Roland Jeol required a specific light enhancement using LEDs for the new living area.

For the square:
> 191 recessed 2-screws superwatt spotlights [1750ADSY-BW - Bourgogne Ø 44 mm 24 V DC 1 in white] placed all around the fountain on the ground in a snail shape.

Around the fountain:
> 12 specific 3 LEDs adjustables spotlights [1830 - JACOBIN 10° beam 24VDC Ø 70 mm h 29 mm 3 superwatts 1W warm white,
> 8 linear LEDs with 36° lens 5635-LIGNY 24 VDC, 30 LEDs/m 3W switching warm white/amber = 4 x 0.8m + 4 x 0.4m, 4 linear LEDs with 10° lens [5635-CE30-10: - LIGNY 24 VDC, 30 leds/m 3W warm white = 4 x 0.8m]

Inside the fountain (immersion):
16 special adjustable and submersible stainless steel LEDs spotlights models

Specifiers for the Fountain:
Project owner: Ville de Lyon / Contracting authority: Ville de Lyon / Light designer: Atelier Roland Jeol and Ville de Lyon

Specifiers for the Place:
Project owner: Grand Lyon / Contracting authority: Landscape desiger Jacqueline Osty / Light designer: Atelier Roland Jeol / Architect: Lionel Orsini / Engineering & Technical Office: GIRUS
