Place Aristide Briand, Lorient

The special adaptation of the 5620-Brunei at Aristide Briand place, flush-embedded wall strip light was developed to meet the designer's requirements for 180° visibility and concealed connections.
Incorporation of 1570 Chateauneuf and 5620-Brunei in a bollard to mark public transport stops.

Homogeneous red bars 5623-Brunei installed bilaterally on the building: 3x 1830A-Lucerne built-in in amber and 1 bar 5623-Brunei built-in in blue in bollard station of the place to the Transport network in Collective Clean Site of Lorient.

Specifier: Vincent THIESSON from Agence ON
