Place René Goblet, Amiens

On the occasion of Christmas time, trees of the well-known main place René Goblet in Amiens in Picardy, were up-lit in multiple colour.

Thirteen 4060T-XCRGB Luminy 6 projectors were fixed on top of masts that were installed underneath the trees. This RGB animated tree up-ligthting gives a whole new identity to the place.

Client: Amiens City Hall
Installer: HDELEC
