

The WatchTower, "Tour du Guet", Chagny

Light enhancement of the Watch Tower - "Tour du Guet" - in Chagny in the Burgundy region

The lighting of the tower is part of a comprehensive redevelopment of the Jean Moulin square and the Marc Boillet street.

For Vittorio Sparta, lighting designer, the goal of this light enhancement was to enjoy the sunsets from the Watch Tower, which slightly overhangs the old city "in a cosy, contrasted and friendly atmosphere."

> Lighting of the arches with the lightbar [5733 Swindon-CE6-L3]

> Lighting of the facades with the adjustable recessed spotlights in neutral white [5716-Allevar-CN7-10] and [5716-Allevar-CN7-20]

> Lighting of the terrace with the spotlights [4040-Luminy 4-CN12-116X44E] and [4040-CW12-10].
